### ***Reasons For Allowance***

The following is an examiner's statement of reasons for allowance:

In view of the applicants' amendment/response filed October 17, 2003 the claimed device for crystallizing plastic material which includes ***a treatment space (12) and at least one upright partition wall (13) dividing the treatment space into two compartments (12', 12'') which are interconnected via a free space (18) at the bottom of the partition wall, "for conveying the plastic material from one compartment to another", as a result the plastic material passes in opposite directions in two compartments along a predefined, substantially vertical path (21), wherein the two compartments (12', 12'') are in an at least rotationally-symmetrical housing; and the method for treating plastic material***, wherein said plastic material is first crystallized during heating before said material is led to heating or condensation in a solid phase, ***using the claimed device, such is not taught by the prior art; thus the claims are allowable.***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Prior Art***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. These references are cited to show the state of the art of device/apparatus and method for treating plastic material and method of producing polyethylene terephthalate; Weger, Stouffer, Becker.
